28 February 1947

Chief, ICAPS

Daily Summary

1. In one of the recent discussions between ICAPS and ORE, ICAPS undertook to carry out a continuing review of the Daily Summary and to point out to ORE those items, which in its opinion, do not meet the standards required of an intelligence document designed primarily for the President.

2. Accordingly, your attention is invited to item 5 of Daily Summary 312, dated 24 February 1947.

3. Your comment is requested.
